MEMORANDUM FOR: Director, Coordination Staff
Bureau of Intelligence and Research
Department of State

SUBJECT: Recommendations of Joint Study Group on
Foreign Intelligence Activities

Thank you for your memorandum of 24 March 1961, outlining the progress made on those Joint Study Group recommendations which pertain to the Department of State. I intend to prepare, on a monthly basis, summary statements of the progress made by the intelligence community as a whole toward implementing the Joint Study Group recommendations. It would be very helpful, therefore, if I could receive from you each month a report similar to that of 24 March on the progress made by the Department. Since the Department of Defense is currently furnishing us a similar report on the fifteenth of each month, it would be convenient for our purposes if your report could reach us at about that time.
